GERMANY CALLS OUT ALL AVAILABLE MEN IN SUPREME EFFORT TO END WAR

J. PLUVIUS JOINS TEXAS IN PATRIOTISM

Mobilizes Rainfall to Depth of an Inch and Then Turns Loose.

WIND STORM WAS BELLIGERENT

Hico Reports Frame Buildings Moved 10 to 15 Feet in Fierce Gale.

Central Texas, territory tributary to Waco, was given a refreshing swallow of April rain in the early hours of Sunday morning, accompanied by a chaser of wind of exceeding high velocity.

Reports to the News yesterday indicated that as much as an inch of rain, average, fell on surrounding country, with the possible exceptions of communities adjacent to Gatesville, Lorena, Temple and Taylor, where scarcely more than enough "to settle the dust" was reported.

Heavy Near Moody.

The plunge appears to have been deepest in the vicinity of Moody, McGregor, Valley Mills, Clifton and Whitney where from one and a half to two inches of rain was reported.

At China Springs three-fourths of an inch fell, while telephone communications to Whitney and Aquila proved impossible, indicating that an extremely vicious wind had played havoc with telephone poles and wires.

Wind Storm Violent.

Hico dispatches of yesterday told of frame buildings being moved ten and fifteen feet by a high wind which swept over that vicinity about 5 o'clock Sunday morning. No reports of injured have been received.

According to Dr. Block, the News weather forecaster, the light shower of Saturday night, amounting to .45 inch, is the forerunner of about four inches of rainfall for the month of April. April in this section of Texas has always been a wet month and records show that since 1867 there has always been a fair amount of rainfall, he says.

While frost is predicted by the government forecaster, for Waco, Dr. Block is of the opinion that there are very slight chances for any such change.

8 ARE INJURED BY STORM IN MEMPHIS, TENN.

By Associated Press.
Memphis, Tenn., April 1.—Eight persons were injured, several buildings were wrecked and a score or more were unroofed or otherwise damaged in a windstorm that skirted this city today and struck Binghamton, a suburb, with its full force. Three of the injured, who were caught under the falling timbers of the Christian church, one of the buildings demolished, were seriously hurt. All are expected to recover.

In Memphis a number of fences were blown down and other minor damage was reported. The total property damage was roughly estimated at approximately \$60,000.

At its height, the wind attained a velocity of sixty-four miles an hour.

Army Recruiting Is Aided in Color Ads

Are you a red blooded man? Single men of Waco, your country needs you. These and other slogans of a like nature are being run on the screen at Waco's leading movie houses, by the local recruiting officers.

Large colored posters are seen on nearly every street corner urging young men to join Uncle Sam's forces, both on land and on water. A city-wide campaign is being conducted in connection with the nation-wide appeal to the young men of America to help swell the ranks of the United States army and navy.

AUTO KILLS THREE.

By Associated Press.
Alexander City, Ala., April 1.—Charles Williams and Miss Margaret Parish and Miss Helen Williams were killed and four persons were injured when the driver of the automobile in which they were riding near here today lost control of the machine and it plumed into a ditch.

TO FORM MACHINE COMPANY.

Monday night at 8 o'clock there will be a meeting of men interested in the formation of a machine gun company for the Central Texas regiment in the Young Men's Business league rooms.

CONGRESS IN EXTRA SESSION MEETS TODAY

Re-election of Champ Clark as Speaker Predicted at Capital Sunday.

HOUSES TO MEET AT NOON

Most Important Issues Since Civil War to Be Passed Upon at Washington.

By Associated Press.

Washington, April 2.—Congress, called into extraordinary session by the president, will meet tomorrow to determine the most important issues before the legislative representatives of the people of the United States since the Civil war. It is considered a foregone conclusion that it will either declare war against Germany or declare that a state of war exists because of Germany's aggressions on the high seas. President Wilson has completed the message he will deliver to congress and is ready to address a joint session as soon as he gets word that both houses have been organized and are ready to hear him.

Re-election of Champ Clark as speaker of the house tomorrow when the extraordinary session begins, seemed assured tonight and the prospect of a complete democratic organization was admitted to be strong even by the republicans.

Illness and bolting among republicans and proposed organization by democrats favorable to independents are expected to prove vital factors in the fight.

Either before, or directly after he addresses congress, the president is expected to confer with leaders of both houses regarding the specific legislation desired by the administration. The war and navy departments continued today their preliminary preparedness measures and are ready with recommendations for further strengthening the army and navy to be submitted as soon as congress decides whether the national is actually to go to war with Germany.

Meet at Noon.

Both houses meet at noon tomorrow. The senate already organized, will be ready to transact business when the gavel falls, but in view of the fact that any war resolution is expected to carry an appropriation, it is expected that action will wait on the house. Democrats and republicans of the house have cleared the way for an immediate effort to organize and the belief was general tonight that the democrats would resume control with Speaker Clark in the chair with.

DR. JORDAN IN MIDST OF RIOT AT BALTIMORE

By Associated Press.

Baltimore, April 1.—A mass meeting held here tonight under the auspices of the American League Against Militarism, ended in a riot. A counter demonstration was organized on the pavement of the Academy of Music, in which Dr. David Starr Jordan was speaking. Finally the crowd took the matter into its own hands and led by some militiamen broke into the theatre and marched down the aisles waving an American flag.

Several fist fights started. The police department had sounded a riot call and police from every section of the city soon arrived. Elections started, the lights were dimmed and the meeting broke up, just as Dr. Jordan was reaching an impassioned climax in his address.

GERMAN RESERVES ARE ON CONTINENT

REPORT FROM GUATEMALA SAYS THEY ARE MASSING ON THE MEXICAN FRONTIER

By Associated Press.

Guatemala City, April 1.—It is reported that German reservists are concentrating on the Mexico-Salvadoran frontier. It also is reported that a wireless telegraph plant has been shipped into Salvador from Mexico, by which it is possible to communicate with Germany.

COLOMBIA FOR WAR SHOULD U.S. BE ATTACKED

By Associated Press.

Washington, April 1.—Dr. Esteban Jaramillo, former Colombian minister of interior and now in this country on railroad and banking business, issued a statement tonight in which he referred to the propaganda of the central powers and declared that Colombia would not tolerate within her territory any movement hostile to the United States. He said his country looked forward to ratification of the proposed treaty with the United States, appreciating that for the development of her latent natural wealth she must have not only a cordial and friendly relationship, but also the financial support of the American nation.

JEWISH CONGRESS TO MEET.

By Associated Press.

New York, April 1.—The American Jewish Congress, organized to obtain equal civil, national and religious rights for the Jews throughout the world, will be held at Washington September 2 unless the administrative committee decides upon an earlier or a later date. This decision was reached at a stormy meeting here today of the executive committee of the congress.

Madrid, Saturday, March 31. Via Paris, April 1.—Dispatches received in the capital today from all parts of Spain say the situation generally is quiet.

HINDENBURG SEES FINISH OF WAR 1917

Males on Very Edge of Age Limit Called to Colors in Berlin.

INDUSTRY LIKELY MOBILIZED

Central Empire Girds Itself for Last Time in Final Test of Strength.

By Associated Press.

Copenhagen, April 1, via London, 11:01 a. m.—Germany, according to information reaching here from Berlin, now is gathering to the colors every available man for a supreme military effort to bring the war to a victorious conclusion in this year's campaign—a goal which Field Marshal von Hindenburg and his advisers consider by no means impossible of attainment.

Without altering formally the law of military service, the German authorities have in practice extended the period of service beyond the forty-fifth year and are retaining in many instances for fighting duty with active units, landsturm men who have passed this age.

For some time the German authorities in a grand combining-out of men earlier pronounced unfit for service, have been mustering men on the very verge of the age limit, but up to the present time they have announced that the necessity has not yet arisen for legislation raising the age limit to 65, as has been done in Austria-Hungary.

At Maximum Strength.

The operations of the labor service law, now in full swing, are further releasing for service at the front every available man behind the lines capable of carrying a rifle, so that the next two or three months should see the German armies at their maximum size.

Simultaneously with this draining to the dregs of the human reservoirs of soldier material, Germany's industrial mobilization also is approaching a climax. A scheme for converting every available factory and employing every available machine on war work and manning them with labor obtained under the labor law service is contemplated. The output of munitions therefore should reach its maximum. It is uncertain whether the contemplated offensive will be directed in the east or in the west, and the Germans' strategic reserve, at last accounts still within Germany, has not begun to move in either direction.

The German main headquarters, according to reports received here, is now at Kreuznach on the Rhine; the general staff headquarters at Charleville and Mezieres having been abandoned shortly before the Somme retirement. This change in headquarters perhaps may throw some light on Von Hindenburg's plans, as the new choice, while centrally located as regards the whole western front, is better situated for control of the operations along the southern sector of that front than was the former site.

Explain Somme Retreat.

On the surface there are indications that the purpose of the Somme retirement appears to be developing, not as a scheme for bringing on a great open field engagement at that particular part of the front, but to avoid the impending onslaught by the mighty machinery of Anglo-French artillery massed on that section and to delay a renewal of an Anglo-French offensive by the time re-

FALLS COUNTY SENDS TEN MEN TO JOIN GUARD

Special to The News.

Marlin, April 1.—The war call brought in ten applications for enlistment in the militia in Falls county when the adjutant general called out the militia at the direction of the president.

These applications were made for membership in Company F of the third infantry from Marlin and six of the applicants were accepted. That company F would be completed to full war strength soon and probably have more men than the allotted 150 was the opinion of Captain Roy Jamieson.

Sen. Gronna Against War; Will Vote as Previously

By Associated Press.

St. Paul, Minn., April 1.—A. J. Gronna, United States senator from North Dakota, one of those who opposed the armed neutrality bill, here tonight on his way to Washington to attend the special session of congress, declared that he would cast his vote against any question which would tend to involve the United States in war.

"I am opposed to war in any form," he said. "If we make war on Germany, we should make war on England also, because our rights if violated have been violated by both nations. Those who advocate war are mistaking false national pride for national honor."

Bulgaria Believes Peace With Russia Is Possible

By Associated Press.

Sofia, Bulgaria, April 1, via Amsterdam and London, 4:47 p. m.—Premier Radokoff, addressing the Bulgarian parliament on the Russian revolution, expressed the belief that it would make possible the return of good relations between the Russian and Bulgarian peoples. He paid a warm tribute to the patriotism of the Russian duma, and said:

"I hope now the state of things in Russia will be consolidated and will open the way to a good understanding between our peoples. Bulgaria declared war against absolutist Russia, but she always has borne in mind the distinction between absolutist Russia and the Russian people."

I.C.C. Representative Taken for Spy—Later Released

By Associated Press.

Montgomery, Ala., April 1.—A man arrested yesterday while taking photographs of local railroad properties today presented credentials to show that he is a representative of the interstate commerce commission. He was released.

GERMANS HATE AMERICANS.

By Associated Press.

Halifax, N. S., April 1.—"The Germans hate the Americans worse than they do the British," declared Dr. Orville McKinn, a veterinary surgeon of New York, who arrived here today from a German internment camp, on his way home. Dr. McKinn was veterinary aboard the White Star liner Georgie when she was sunk in mid-Atlantic last December by a German commerce raider.

GUARDS TO LEAVE WACO WITHIN TEN DAYS, SAYS AUSTIN

MEANWHILE DRILLS WILL BE HELD HERE AND RECRUITING PUSHED FORWARD RAPIDLY

The Waco guardsmen will remain in this city but five or ten days longer, according to a statement made to Major P. A. Weathered yesterday afternoon by Henry Hutchins, adjutant general of the Texas militia, in a telephone conversation with the major relative to the time of state mobilization. The place of mobilization will probably be announced by the head offices some time today.

These few days are allowed the companies to recruit to full war strength of 150 men each and the guards will be on the streets in the interest of recruiting additional men. The members of the companies will report to their captains at an early hour this morning for duty and many of them will be housed in the armory during the few remaining nights. Cots and blankets are being furnished them and other arrangements made for their comfort.

May Conduct Drills.

It is probable that drills of various kinds will be held during the day on the streets of the city on the public square. These will be the ordinary close order drills for the most part, though some fancy and difficult drills are also on the schedule, it is understood.

Just where the Texas guardsmen will be mobilized is not known at present by the officers of the local companies, but it is understood the place has been picked out and will be announced during today. It is believed to be Camp Wilson at Fort Sam Houston.

The work of recruiting the Central Texas regiment will be pushed as rapidly as possible and it is hoped by the promoters that this regiment will be in shape for federal service by the time the limit on recruiting is up.

Fire Threatens Naval Station on Great Lakes

By Associated Press.

Lakebluff, Ill., April 1.—Fire, possibly of incendiary origin, for a time menaced the Great Lakes naval training station here early today. Starting in a pile of dried weeds and grass, it spread rapidly to within a few yards of the tents which six hundred men are quartered because of lack of space within the barracks. The recruits, forming a long skirmish line, beat out the flames with axes, spades and sticks.

Her First Official Word: "I'll Vote G. O. P."

By Associated Press.

Washington, April 1.—Miss Jeanette Rankin, the newly elected representative from Montana, sent for the newspaper men tonight to issue a statement. It said:

"I was elected on the republican ticket and I shall abide by the decision of the republican caucuses in my vote for speaker."

quired to advance the big guns to the new line.

Recent references to the retirement expressed by German military critics turn on the ability of the new line to resist the battering of the entente offensive, and the Teuton commanders are said to be no longer concerned with the possibility of a great battle in the region between Arras and the Aisne because the destruction of roads and communications has rendered it unfit for a battlefield.

There is reason to believe that the retirement has by no means reached its limit, particularly in the southern sector. The map of the retirement now appearing in the German newspapers shows a big salient still existing westward of Laon which, if straightened out, would make the Von Hindenburg line run in almost a straight course from Arras through St. Quentin and Laon, to a point on the Aisne near Berry An-Bac.

CONGRESS IN EXTRA SESSION MEETS TODAY

CONTINUED FROM PAGE ONE

In a few hours after the session begins.

There is little doubt that a war resolution will be passed by a large majority in both houses. There are little groups of pacifists opposed to war except to resist invasion who will vote and probably talk against any warlike move. There are other groups who have their own ideas about what the United States should do in the present situation but none is strong enough to prevent action or seriously impede its progress.

Opposition Not Likely.
In the house there probably will be no persistent opposition unless it comes from members who favor more far-reaching action than the president recommends. The senate has its own closure rule to limit debate if a small group there undertakes to delay action.

Aside from the war resolution and the appropriations which probably will accompany it, there is not much legislation now on the books that leaders believe it necessary to act on before next winter. The appropriation measures which failed at the last session, particularly the army bill, the amendments to the shipping act giving the government broad powers over merchant shipping, some changes in the federal reserve act, and legislation to curb spying are among the things which probably will be deemed essential to prosecution of whatever course is determined up. Additional revenue legislation and bond issues beyond the authorization in existence to be carried in the war resolution will depend on how active the United States becomes in the war.

To Pass Military Training?
Efforts are certain to be made to put through a universal military training bill even if President Wilson does not endorse it.

There has been much talk of a bond issue to provide a loan or credit to France of from \$500,000,000 to \$1,000,000,000. Such a proposal would receive strong support, but there might be enough opposition to prevent immediate enactment of the necessary legislation.

Hundreds of telegrams poured into the capital today bearing on the question of war legislation. Many spoke against war and some members attributed the flood of messages to an organized anti-war propaganda.

Among the measures which will be introduced as soon as the house meets will be the general army staff bill for compulsory military training of men between 18 and 22 years of age which Representative Kahn of California, ranking member, will submit.

LONGING FOR A CHILD

Young Wife Almost in Despair. Now Has Beautiful Baby Girl.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. Lydia E. Pinkham's Vegetable Compound has brought joy to many childless women by restoring them to normal health. Here is a notable case.

Omaha, Neb.—"I suffered from female troubles when I was seventeen years old. At eighteen I was married and my trouble was no better so I consulted a physician who said that there was not much I could do and I could not have children. I read of Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has proved worth its weight in gold to me for I am not only well but have a baby girl, so when I hear of any woman suffering as I was I tell her of Lydia E. Pinkham's Vegetable Compound."

Mrs. W. H. Hughes, 19 Majestic Apts., Omaha, Neb. In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

ST. QUENTIN NOW APPROACHED BY BRITISH FORCES

SUCCESSFUL GAINS REPORTED
BY WAR OFFICES—FRENCH
CONTINUE OFFENSIVE.

(By Associated Press.)

The British forces in France are gradually creeping up on the important town of St. Quentin, considered one of the German strongholds. Also to the northwest of the town they are swinging their line forward at various points in a straightening-out movement that is making good strides eastward.

French.

Meanwhile the French forces under General Nivelle are keeping up their offensive to the south and southeast of St. Quentin and again have made good progress north and south of the Ailette river. They have captured several German trench systems and organized points of support east of Neuville-Sur-Margival inflicting heavy casualties on the Germans and driving them back to the outskirts of Vauxaillon and Laffaux.

British.

West of St. Quentin the British have thrust their line through the village of Savy and the wood of Savy and now are resting only three miles from St. Quentin. Near Savy the Germans resisted tenaciously but finally were beaten off, losing heavily in killed and wounded. To the north of this region the villages of Vendelles, on the St. Quentin-Croisilles road and Epehy and Peziere on the Roise-Cambrai road have been taken by Field Marshal Haig's forces.

Germans.

The German war office admits that the German line for a distance of from one and one-fourth to two miles was forced to give way before the British in the region bounded by the Peronne-Gouzeaucourt road and the Ombignon brook but says the British suffered heavy losses.

Artillery duels and small operations carried out by raiding parties continue on the remainder of the front in France and Belgium. The artillery activity is especially severe on the Belgian front and in Champagne.

Galicia.

Comparative quiet prevails on the front in Russia and Galicia. Near Kiribaba, in the southeastern Carpathians, Austrian troops in repeated attacks broke into Russian trenches, but later were ejected in a counter attack. A Teutonic allied attack south of the Jacobeny-Vai-Putna road on the Rumanian front was put down by the Russian artillery and an airship was set on fire by Russian airplanes and gunfire near Odobechti.

Mesopotamia.

The London war office reports the frustration of a British enveloping movement, thirty-five miles north of Bagdad and says the Turks there now are in full retreat. Turkish attacks on the Caucasus front near Alma have been put down by the Russians.

Austro-Italian.

Heavy Austrian attacks that are declared to have met with failure are reported by Rome as having taken place in the Gorizia sector of the Austro-Italian theatre. Violent artillery activity still continues east of Gorizia and on the Carso front.

There has been no change in the situation in Macedonia.

HEAVY FIGHTING AT ST. QUENTIN

By Associated Press.
London, April 1.—Heavy fighting took place today west of St. Quentin, resulting in the capture by the British of the village of Savy. Later, British troops attacked Savy wood, about a mile from the village and only three miles from St. Quentin, and occupied that position.

The official report from British headquarters in France, which records these successes, announces also the capture by the British of Vendelles, lying further north, and Epehy and Peziere, to the southeast of Haudicourt.

BRITISH GAIN TWO MILES.

By Associated Press.
Berlin, April 1 (By Wireless to Sayville).—British troops after tenacious fighting in which they suffered heavy losses, yesterday pushed their line into the German positions on the Somme for a depth of nearly two miles, says the official statement issued today by the British army headquarters staff. The German advance was in the region between the Peronne-Gouzeaucourt road and the lowlands of the Ombignon stream in which the towns of Jean-court and Vermand are situated.

FRENCH MAKE ADVANCE.

By Associated Press.
Paris, April 1.—In the operations to the southwest of Laon, the French troops have made important advances, capturing several German trench systems and have reached the outskirts of Vauxaillon and Laffaux, according to the official communication issued by the war office tonight.

MACEDONIAN FRONT QUIET.

By Associated Press.
Berlin, April 1 (By Wireless to Sayville).—Except for aerial exploits in the southwest of Laon, the German pilots destroyed two entire captive balloons and dropped bombs on troop camps east of Monastir, the German official statement issued today says there was no event of importance yesterday on the eastern and Macedonian fronts.

TURK OFFENSE FAILS.

By Associated Press.
London, April 1.—Efforts made by Turkish troops to envelope a British force near Deltawah, thirty-five miles north of Bagdad, has failed, says an official British statement on military operations in Mesopotamia and the Turks in that region now are in full retreat.

WELLS-FARGO IN RECEIPT OF FLAG FROM HEAD OFFICE

Wells-Fargo Express company local office will have a big United States flag floating in the office within the next few days, according to a statement sent to R. E. L. Montgomery, agent of Waco branch, by the head of the supply department of the company. This is in line with the announced policy of the company to send flags to every one of their offices in the United States.

These flags come in four sizes, the smallest being 3x5 feet. The other sizes are 4x6 feet, 5x8 feet and 6x12 feet. The one to be sent to the Waco office is the largest of the series.

The head office of the Fargo people have sent notices to all branch offices for the agents to turn in a requisition for the size flag wanted at their station, the size being sent to conform with the ability to display properly.

THOMAS TELLS OF CEREMONIES ON VIRGIN ISLANDS.

By Associated Press.

St. Thomas, Virgin Islands, March 31.—(Delayed)—The transfer of the Virgin Islands from Danish rule to the United States took place simultaneously on the three islands at 3 o'clock this afternoon. Commander Pollock, the ranking American officer at the islands, officiated at St. Thomas, while the commander of the cruiser Olympia acted in a similar capacity at St. Croix.

Officers and marines of the cruiser Hancock and the Danish cruiser Valkyrie formed guards of honor fronting on the military barracks at St. Thomas, where the ceremonies were witnessed by members of the local legislature, officials, consuls, and a large concourse of people.

Commander Pollock landed from the cruiser Hancock under a salute of fifteen guns and proceeded to the officers' barracks, where the transfer was signed, whereupon the Danish governor proclaimed the transfer and the Danish flag was lowered amid salutes and the singing of the Danish anthem. Commander Pollock then proclaimed the cession and the American flag was hoisted, accompanied by salutes and the singing of the American anthem.

After prayers by the Moravian Bishop Greider and the Bishop of Porto Rico, Commander Pollock announced himself acting governor of the Virgin Islands of the United States of America. Many in the crowd wept during the profound and impressive silence that followed the hoisting of the American flag.

Villa Received Severe Check in Latest Attack

By Associated Press.

El Paso, Tex., April 1.—The arrival of a passenger train in Juarez tonight from Chihuahua City while another left Juarez for the south earlier in the day over the Mexican Central railway is taken here to indicate that Villa received a severe check in his surprise attack on Chihuahua City last Friday.

The passengers arriving were few and all were Mexicans who had little to add to the direct reports from Chihuahua that Villa was said to be at San Andres, about thirty miles on a straight line west of the city. They said the artillery had inflicted heavy casualties on the attackers and confirmed the official figures of 500 Villa followers being taken prisoners, and about 400 being killed and wounded out of Villa's 3,500 men.

Sen. Pomerene Jumps on Stone and Filibuster "12"

By Associated Press.

Newport News, Va., April 1.—Senator Pomerene of Ohio, a member of the foreign relations committee, severely criticized Senator Stone of Missouri, and others who participated in the filibuster against the armed merchant ship bill at a patriotic mass meeting here today.

Senator Pomerene declared there was nothing left for the United States to do but to declare war on Germany. Congressman Montague of Virginia said that war with Germany was inevitable and declared in favor of a billion dollar gift to the French nation by the United States.

A feature of the celebration was the parade, in which confederate and union veterans of the civil war marched arm in arm.

Reforms to Be Discussed in Germany, Says Report

By Associated Press.

Amsterdam, April 1.—(Via London).—Satisfaction is expressed by the German newspapers regarding the appointment of a commission of national liberals to discuss constitutional reforms in Germany. The Vossische Zeitung says:

"This is a gratifying political event, which will have considerable influence in the future development of the constitution and may prove to be a foundation for the erection of a new German house."

GERMANS MAKE NO REFERENCE TO U. S. SHIPS IN SUB LIST

By Associated Press.

Berlin, March 31, by Wireless to Sayville.—In addition to submarine successes already published in the month of March, says an official statement published by the German admiralty, thirty-four steamers, two sailing vessels and fourteen fishing craft, aggregating 26,000 tons, were sunk by German submarines. Of the total, twenty-four were British vessels, one of which was an auxiliary cruiser displacing at least 8,000 tons.

The ships which were sunk follow: Coranda, British, 2,700 tons, armed. Pola, British, 3,057 tons, with coal, armed.

Trevost, British, 3,115 tons, armed. Alnwick Castle, British, 5,900 tons, with parcels to Capetown, armed. Flinton, British, 4,286 tons, with iron ore, armed.

Antony, British freight and passenger steamer, 6,446 tons, armed. Clan MacMillan, British, 4,625 tons. Achilles Adam, British, 4,600 tons. Rio Sorocabá, British, 4,305 tons, with 6,000 tons of sugar for the French government.

British steamer, probably "Glennae", 2,200 tons, with sugar from Java to Nantes.

Bassia, British, 100 tons. British schooner William Martyn, with coal.

British fighting craft Guard, Pen-

naer, Carlew, R-62, R-253, LT-1132, BM-249, R-125, LT-667, T-502, LT-962 and R-52.

Three French vessels—Eslon, Rhodens and Etolles-Polair.

Portuguese steamer Angola, 4,297 tons, with coal.

Thirteen Norwegian vessels—Steamers Skirre, Alfol, Attila, Laly, with wood; Armit, with sulphate and paper; Countd, with iron; Pullux, with parcels; Egenesse, with victuals to England; Susanna, with herrings; Blomvaag, with coal; Brod Kong, with coal and parcels from Glasgow to Marseilles, and Hugin, with coal from Sunderland to Santander.

Dutch tank steamer Ib August Kissler, 5,100 tons.

Seven ships, the names of which could not be ascertained, also were sunk. They were a British auxiliary cruiser of at least 3,000 tons; an armed steamer of about 2,500 tons, sunk after an artillery duel; an armed transport of about 4,000 tons; a loaded steamer of about 4,000 tons; two steamers of 2,000 tons each, one flying the Dutch flag, and a loaded steamer of about 1,500 tons.

ZIMMERMANN IN BAD FOR PLOTS AGAINST U. S. A.

By Associated Press.

Copenhagen, Via London, April 1.—The German-Mexican alliance, it is evident by reports brought by persons recently arrived from Germany and from press reports of the reichstag sessions, continues to provide unpleasant moments for Dr. Alfred Zimmermann, secretary for foreign affairs. His defense of his action has not availed to check either public or private criticism of the act itself, and still more, the greater crime of being found out.

Dr. Zimmermann's latest explanation in the reichstag on Friday is dismissed by the Tageblatt as avoiding the real crux of the matter—namely the wisdom of the step as a matter of policy. Formal justification for the proposal is unquestioned but, as the Tageblatt points out, the vital point is the effect that the overtures might be expected to have on Mexico, on Japan and on public opinion in the United States, particularly the western and southern states.

Oklahoma City Shows Nation Where It Stands

By Associated Press.

Oklahoma City, April 1.—Oklahoma City today demonstrated to President Wilson that the majority of its citizens are heartily in favor of whatever he may do in an effort to adjust the present difficulty with Germany. Five thousand men, women and children marched amid tens of thousands of flags in the loyalty parade, while 7,000 packed themselves into the convention hall to hear patriotic addresses by Judge C. B. Stuart and other well known orators. Following the meeting a resolution was adopted as follows:

"Resolved, that senators and representatives of Oklahoma be instructed to say to the president and to congress that the time for temporizing is done and that the time for action is here; and that what the president and congress does will meet with the patriotic approval of every man and woman in Oklahoma."

BUILDINGS MOVED 15 FEET AT HICO IN WIND STORM

TEXAS COMMUNITY VISITED BY
TERRIFIC WIND ACCOMPANIED
BY GOOD RAINS.

Special to the News.

Hico, April 1.—This section was visited last night with a heavy rain and wind storm, the rain was acceptable as the country was getting dry. It will put the farm lands in a good condition. The storm was quite severe. The telephone lines are down and many posts broken. Quite a number of residences were blown off their foundations and some moved ten and fifteen feet and badly torn up. No one was hurt but storm cellars were in demand. Barns and small buildings are lying flat.

CAME LATE AT MOODY.

Special to the News.

Moody, April 1.—Moody and vicinity experienced a fine rain here this morning at 4:30 a. m. The farms are in great need of it and some believe oats will not be helped much as it had started to toppling already. For the corn that is up the rain was welcome.

HIGH SCHOOL DAMAGED.

Special to the News.

Dublin, April 1.—This town was visited by a heavy windstorm last night which did considerable damage, blew the roof from the high school building, the steeple off the Christian church, and demolished several barns and garages. Considerable damage was done by the hail which accompanied the storm.

Plan New Paving at Waxahachie at Once

Special to the News.

Waxahachie, April 1.—When the city council met last night to take final action on the paving of streets, it was decided to begin the paving on College street and continue to Marvin avenue, there branching east and west and paying to University avenue, thence out University avenue to Trinity. On the west end the paving includes West Marvin and Vickery. This designation of the streets to be paved does not take away from the council the right to designate other streets. The paving will start as soon as the engineer's estimates have been made and published, as the law requires.

Waxahachie in School Nominations Saturday

Special to the News.

Waxahachie, April 1.—The patrons of the public schools in mass meeting last night nominated four representative citizens for school trustees in the coming election. The men selected were James W. Harrison, John Cornwell, D. S. Fudge and Mark Smith. These four citizens represent the faction which voted 452 votes for the old school site in a recent controversy on where the new school building ought to be located. Two of the members of the old board have announced their intention to stand for re-election.

Stock Deals, San Angelo, Continue Despite Drouth

Special to the News.

San Angelo, April 1.—Stock deals continue daily despite the dry weather. R. W. Foster & Sons of Sterling City have sold 700 steers, three-years-olds and up, to the J. E. Boog-Scott Co. of Coleman for \$35,000, while Charlie Brothers of this city have disposed of 3,180 sheep to Baugh Brothers of Eldorado. The consideration was \$7 per head.

REVIVAL AT WAXAHACHIE.

Special to the News.

Waxahachie, April 1.—The John E. Brown evangelistic campaign that has been in progress here during the month of March was brought to a successful close tonight with a total of more than 300 conversions. Evangelist Brown and party will go to Corsicana Monday to begin a meeting there.

Waxahachie Woman Would Give All To U. S. If War Needs Demanded

Special to the News.

Waxahachie, April 1.—"I think just as much of my husband as any woman in the United States," declared Mrs. Carl E. Schuster, Spanish-American war veteran, today, "but I am not going to keep him out of the army if his country calls for his services. I believe it is the duty of the men who have had experience in military affairs to answer the call. By George, if it comes to the worst I will put out three little ones in the Pythian orphans' home and go along myself as a nurse."

Hillsboro Bachelors Are Urged to Enlist

Special to the News.

Hillsboro, April 1.—Such was the notice appearing in a Hillsboro paper this week:

"All bachelors between the ages of 45 and 60 who desire to be held in readiness for emergencies in these troublesome times may send their names to me. I can conceive of no duty, more patriotic and proper, than for us, without complaint, to stand up and be made targets for adolescent practitioners to shoot at. The country will be easily appeased with the consoling fact that if killed there will not be the slightest loss."

He has been succeeded by Lee Canady, a graduate of the Curtiss Aviation school of San Diego, Cal.

SIXTEEN DRILL AT TERRELL IN NEW REGIMENT

Special to the News.

Terrell, April 1.—In response to their offer to give free training to civilians of Terrell provided a sufficient number presented themselves for the purpose, Captains Fred Anderson and Claude Rousseau, lately returned from the federal service on the border, drilled a company of sixteen civilians Friday night, using the paved courts as a drill ground.

The tenderfeet were put through all sorts of stunts, and made to realize, before the drill was over, that military life, even in its preliminary stages, is not a bed of roses.

Nusby at Waxahachie Assumes Recruiting Role

Special to the News.

Waxahachie, April 1.—Postmaster J. W. Singleton is developing into a full-fledged recruiting office for the department of the navy. He is receiving applicants every day for places in the navy. Practically every man the postmaster gives the "once over" and sends to Dallas for further examination has stuck. He declares he wants to send fifty young men from Ellis county to join the navy. He feels like that number would be this county's part in filling out the navy.

Corpus Cristi Hears That Mexican Gold Is Moving

By Associated Press.

Corpus Christi, April 1.—The half of million dollars sent here recently in charge of two Carranza agents was sent to San Antonio for re-deposit late yesterday, it was learned here today. The funds are to be used, it is said, for paying off Mexican government soldiers at garrisons along the Mexican-Texas border, including the Juarez garrison.

Hungary's Russian View Chief Topic With Deputies

By Associated Press.

Budapest, April 1, via Amsterdam and London, 4:47 p. m.—Discussion regarding Hungary's attitude toward events in Russia was made a special order of the day by the Hungarian chamber of deputies. The government spokesman made a speech, to which the leaders of all parties agreed, declaring for a policy of non-interference in the internal affairs of Russia. He added that the central powers were ready to take up peace negotiations whenever the entente countries "abandoned their lust of conquest."

Oh--hum--'Member Long Years Ago?

Special to the News.

Waxahachie, April 1.—When Manager P. Q. Rockett of the Dixie movie theatre saw a young man and a young woman spooning in the theatre this afternoon, he wrote a brief note requesting that "sponging" be not indulged in while the show was going on because it claimed too much attention from the pictures. The note was quickly slipped into the hand of the young man, who happened to be holding the young woman's hand at the time. This closed the incident so far as Rockett was concerned, but when the couple passed out, the following note was left for the manager at the ticket office:

"Sorry to have attracted attention by spooning, but we have been married only one week and just couldn't help it."

SERGEANT CLYDE BAILEY FIGHT-
ING WITH ALLIES SUCCESS-
FULLY OPERATED UPON.

By Associated Press.

Nice, France, April 1.—Sergt. Clyde Bailey, the American aviator who was wounded in an aerial battle last June, has been operated on by Professor Gaudier. He is now out of danger.

Sergt. Clyde Bailey of San Antonio, Texas, was seriously wounded by a German explosive bullet in an aerial battle near Verdun, June 18 last. The bullet, hitting his thigh, glanced upward into his stomach before exploding. Bailey was promoted to the rank of sergeant and the military medal and French war cross were bestowed upon him for his fearlessness.

It was while on an errand of mercy for Bailey that Corporal Victor Chapman of New York was killed. Bailey had asked for an orange; there being none at the hospital, and Chapman, hearing of the incident, set forth in his airplane to gratify the desire of his comrade. While on his way he engaged in an air battle with the late Captain Bebele and was killed, his lifeless body falling within the German lines.

BELGIAN RELIEF IS HAMPERED ABROAD

OFFICIAL STATEMENT SAYS SUP-
PLY HAS BEEN AT STAND-
STILL SINCE FEB. 15.

By Associated Press.

Amsterdam, April 1.—(Via Amsterdam and London.) An official statement issued today dealing with the food supply of the Belgian relief committee says:

"The supply has been at a standstill since the middle of February. Fifteen relief ships are lying in English harbor. The British government requested Germany to grant them a safe crossing of the channel to Rotterdam until March 2, otherwise the cargoes of the vessels would be discharged in England."

"Germany gave guarantees on condition that this government be informed beforehand as to the number, the names, the cargoes and the ports as a full guarantee could only be given if these particulars were known to the German sea forces."

The German request was only fulfilled regarding four vessels and the relief committee was informed as to the safe route."

"Germany therefore is unable to guarantee the desired security and refuses responsibility for the further fate of these vessels or their cargoes and for further consequences unless fresh negotiations lead to a satisfactory conclusion."

13 Lose Lives in Motor Boat Near Lynn, Mass.

By Associated Press.

Lynn, Mass., April 1.—Fear that thirteen young men lost their lives in the wreck of a motor boat, which has been missing since Thursday night, apparently was confirmed today. The hatch from the boat was found on one of the Brewster Islands, outside Boston harbor, by Capt. R. H. Robertson, father of one of the boys, and owner of the boat.

It is believed that the boat struck Fawn bar, off the Winthrop headlands where residents said they saw a light on the bar Thursday night and heard cries for help.

FIRE DESTROYS TANNERY.

By Associated Press.

Asheville, N. C., April 1.—Fire today virtually destroyed the tannery plant of the United States Leather plant at Old Fort, N. C. and caused damage estimated at between \$75,000 and \$1,000,000. The fire started in the main building of the plant. Several nearby dwellings, barns and other buildings also were destroyed. Incendiarism is suspected by officials of the tannery.

No Change in Relations With Austria, Says Report

By Associated Press.

Amsterdam, Via London, April 1.—Telegraphing from Vienna the correspondent of the semi-official Nord Deutsche Allgemeine Zeitung of Berlin says:

"With a view to obviating all misunderstandings we are authorized to state that the journey of Frederic C. Penfield, the American ambassador to Washington, means no change in the relations between Austria-Hungary and the United States."

"Diplomatic intercourse continues to be maintained and is looked after by our charge d'affaires in Washington and by the American charge d'affaires here. Mr. Penfield is expected to return to Vienna in about three months."

TWO DROWN AT MEMPHIS.

By Associated Press.

Memphis, Tenn., April 1.—Two men who were crossing the Mississippi river in a skiff when the storm swept across the river from the southwest, had not been accounted for tonight and are believed to have been drowned. At Linden Station, in South Memphis, where the shipping docks and warehouses of a number of wholesale grocery concerns are located, several buildings were unroofed and stocks of goods damaged by the downpour of rain which accompanied the gale.

By Associated Press.

New York, April 1.—Plans to organize the women of New York state to increase the food supply by intensive home gardening and eliminating waste are announced here tonight by officers of the Women's Suffrage party in connection with the offer of its service to the government in the event of war.

The Song Bird's Moods.

All our birds use what we call their voices, just as we use ours, for the purposes of expression generally, and I am convinced that bird song proper, though oftentimes the expression of some phase of the tender passion, is not confined to such expression. In a limited way birds have their lyric and their dramatic moods, their serious and their comic songs, their recitative and their oratorical methods. Bird song has come, it seems to me, in response to a growth of the natural desire for a means of expression. Language is the highest mode of expression, and bird song is a beautiful and wondrous, but very imperfect, language.—Thomas Sergeant Perry.

ALL COMPANIONS OF DEPOSED
RUSSIAN RULERS ARE TAKEN
FROM TSARSKO-SELO.

By Associated Press.

Petrograd, Via London, April 1.—Orders have been issued by the Russian provisional government for the transfer to the fortress of St. Peter and St. Paul of all personages now with the deposed emperor at Tsarsko-Selo. Thus the ex-emperor and ex-empress will be completely isolated.

The recent arrest of the Grand Duchess Marie Pavlovna, a cousin of the former Russian emperor and divorced wife of Prince William of Sweden, and a group of personages in the entourage of Grand Duke Boris has led, according to the police to the discovery of a plot in which the Grand Duchess and two grand dukes were involved for the proclaiming of Grand Duke Nicholas as emperor of Russia. Grand Duke Nicholas now is in the Crimea.

Grand Duchess Olga of Russia, a sister of the abdicated emperor, has just married Captain Koudikowski, of the Russian cavalry. The officers of the captain's regiment have asked Koudikowski to resign owing to his alliance with the house of Romanoff.

SACRIFICE, NOT GAIN.

A WORD of caution with regard to the wave of speculation that is now sweeping the country in anticipation of the profits and high prices that are expected if America enters the war, should be spoken, says Theodore H. Price, editor of Commerce and Finance. When the exchanges were closed and the country was in the depths of depression that prevailed during the autumn of 1914, he was among the first to foresee and predict the boom that would be caused by the war borrowing of Europe, the consequent credit expansion and the export demand for American goods. He said that the warring nations were in the case of a man who was without money but owned a handsome house.

If he mortgaged his homestead and spent the proceeds, temporary prosperity would be enjoyed by those with whom he dealt.

Now the mortgage money is nearly exhausted, but because America has profited for a time from the improvidence of others, everyone seems to think that everything will continue to advance indefinitely.

Even if it were not true that the universally expected rarely happens, there are many sane reasons for believing that the expectation of a secondary war boom or a peace boom is illogical.

The theory that the war expenditures of our government will yield large profits is negated by the wide acceptance of the proposal that the costs of war for the United States shall be met by the conscription of wealth, i. e., heavy and direct taxation, rather than by borrowing. This policy would prevent the enrichment of the rich and the impoverishment of the poor that is often caused by war. It is just and it is democratic and there is every indication that it will be followed.

The newspapers approve of it, the labor unions endorse it and the capitalist may not oppose it without impugning his own patriotism, for he cannot demand that the young men of the country should risk their lives in its defense and his protection unless he is willing to sacrifice his property in the same cause.

The declared willingness of our great commercial and industrial concerns to serve the country without profit is another manifestation of the same spirit. The offer of the copper producers to supply the government needs at 17 cents a pound is one case in point.

There will be but little war prosperity in the United States if America enters the struggle.

Public sentiment will prevent the admixture of profit and patriotism, however it may be disguised.

The tendency will probably be toward an increase of production and a lowering of prices by harder work, longer hours and the conscription of those wage earners whose chief concern now seems to be to get the most money with the least effort. In this respect their philosophy, if it can be so described, does not differ much from that of the speculator who hoped to get rich by buying something and then going off to Palm Beach to spend money while the market advances.

The disposition to loaf has become so general that we are consuming more than we produce and the gradual strangulation of business activity by high prices is the result. It is apparent to the close observer in every direction. The country's bank clearings for the week ending March 17 were 10 per cent larger than in 1916, but the average price of commodities was 40 per cent higher and the indicated volume of business as measured in tons, yards or gallons, was therefore 29 per cent less than it was a year ago.

The railroads are being strangled by the high prices of coal, iron and labor.

There is less building and new construction in prospect than in 1916.

Many factories are running short time because fuel is scarce and high. Paper is high and fewer books and newspapers are being published.

Those who must, are somehow learning to do with less, and the result is a gradual curtailment of consumption throughout the country.

This is the inevitable result of high prices and when the lassitude of sudden and fortuitous prosperity has passed and people are willing to go to work again, it is altogether probable that the standard of living and

wages will have to be reduced through subjection to the healthful but disagreeable discipline that we call hard times.

It is time that we rid ourselves of the delusion that the world can be indefinitely prosperous through the expenditure of \$1000,000,000 a day for war and destruction, or that America will benefit financially by joining in the struggle.

For us war seems to have become a duty both to ourselves and to humanity, but it a duty that will be poorly performed unless it is undertaken in a spirit of sacrifice rather than with the hope of gain.

The sentiment of patriotism and the science of economics are not inconsistent.

Both are opposed to any further increase in the cost of living by speculation or otherwise while civilization is struggling for existence.

Much Ado About Nothing

By Roy K. Moulton.

From Washington the order comes To every man who owns a lot, Advising him to clean it up.

Until it is a beauty spot, But I've a better plan than that— A plan that sounds exceedingly fair. I'll set my backyard out to spuds— By fall I'll be a millionaire.

They tell us the country is infested by spies. This morning there was one down in our basement, copying a lot of figures off the gas meter.

Philadelphia ice men announce they will have to increase the price of ice on account of the high cost of coal. Next fall the coal men will have to increase the price of coal on account of the high cost of ice. It's a gay life.

Little Things.
Little drops of venom,
Little grains of spite
Make the casus belli.
Then, fair Peace—Good Night.

WHAT YOU GET FOR NOTHING IS WORTH JUST WHAT YOU PAID FOR IT. FEW NATIONS EVER ACHIEVED PEACE WITHOUT FIGHTING FOR IT.

Head of Zion City has proclaimed the decree that the faithful will not be allowed to eat oysters. But the faithful can still attend the ordinary church "oyster suppers" without breaking the rule. In one Ohio town there is said to be a rubber factory that has served one church for three years.

Get Wise.
In latter days whenever a man find that he needs the dough,
He knows that he can get it if he isn't quite a fool.
He sits him down and figures out a scheme that's sure to grow,
And then he writes an ad and starts a correspondence school.

Tonight,
Bend low, O dusky Night,
And give my spirit rest.
Hold me to your deep breast,
And put old cares to flight.
Give back the lost delight
That once my soul possessed.
When peace was loveliest,
Bend low, O dusky Night.

And promise, dusky Night,
The folk across the way
Will no piano play
And put all sleep to flight—
Their racket is a fright—
That there will not hold sway
Some amateur Calve
To warble all the night.

THE KNOCKER'S CREED.
I believe that nothing is right. I believe that everything is wrong. I believe that I alone have the right ideas. The town is wrong, the editor is wrong, the teachers are wrong, the people are wrong, the things they do are wrong and they are doing them in the wrong way, anyhow. I believe I could fix things if they would let me. If they don't, I will get a lot of other fellows like myself and we will have a law passed to make others do things the way we want them done—I am opposed to fun and happiness when at a funeral. I believe in startling reforms that will take the joy out of life. It's a sad world and I am glad of it. Amen.

O Tempora! O Mores!
I used to be a hero;
They pinned their punk on me;
My breasts, adorned with medals,
Was glorious to see.
They thought that it was winter
Whenever I walked around.
My medals rattled gaily;
Like sleigh bells did they sound.

I was the only pebble
Upon the sandy beach,
And I was the headliner,
A yell, a scream, a screech.
I used to be a hero,
Twas pleasant, I'll allow,
But the sheriff took my auto;
I'm a down-and-outer now.

GIVE FRANCE BILLION TO DEMONSTRATE GRATITUDE, URGE PATRIOTIC AMERICANS

John Skelton Williams (left) and Myron T. Herrick.

billion dollar credit, or giving this sum to France outright, is certain to come before congress as soon as it convenes in response to President Wilson's call. Already the proposal has found a responsive chord in the heads of members of congress and government officials, who enthusiastically endorsed the movement.

John Skelton Williams, controller of the United States treasury, was one of the most enthusiastic. In a statement he pointed to statistics showing the enormous increase in the nation's wealth during the past three years and said:

\$450,000,000 Gain in East.

"Since the first of last January the resources of banks east of the Allegheny mountains alone increased more than \$450,000,000. Think of it—while one-half of civilized mankind is engaged in the most deadly struggle this world has ever seen, we have been basking in the sunshine and fattening almost like birds of prey at the expense of the perishing nations. Our prices on munitions and equipments of war have yielded in some cases 200, 300, or 400 per cent profit. Is this fair? Is it justifiable as a Christian nation?"

"Our profits have been huge. How much have we given to those from whose purchases from us we have derived fabulous profits? The best estimates available indicate a grand aggregate of about \$40,000,000. This includes subscriptions in cash, clothing and supplies of every description.

Only \$8 Apiece Urged.

"I shall not discuss the propriety of American investors laying up for themselves treasures on earth in the shape of bonds of the belligerent countries, but I earnestly submit that if the American people would only make a contribution averaging eight dollars per capita, or \$800,000,000, in the name of humanity this sum would represent only 1 per cent of the wealth produced by the American people since the outbreak of the European war."

Myron T. Herrick, former United States ambassador to France, made the following comment:

"We are not prepared on land; we are not prepared on the sea; but we are well prepared financially for participation in the war. And while we are getting ready in a military way, let us give the money to France, which is the most effective method of co-ordination and co-operation. It is only paying back what we owe France."

Letters from the People

SAYS WAR IS WRONG.

To the Editor:
If we walk in the light as He is the light we have fellowship one with another and the blood of Jesus Christ, his Son cleanses from sin. This is the message that God gave to Apostle John and to the whole world.

According to this, war is sinful, disobedient and wrong, because it teaches us to hate and kill our brothers, when the true light teaches us to love our neighbor as ourself.

"We've been wronged and must be revenged," I hear the people say. "Vengeance is mine," saith the Lord. "I will repay." "I am the light. He that follows Me shall not walk in darkness, but have the light of life," said the Prince of Peace, who would lead our feet into the ways of peace.

If we willfully forsake the teachings and ways of Christ, then shall we walk in darkness and sin. We are warned to cast off the works of darkness and put on the Lord Jesus Christ. The day is past when we can lay our religion aside for a week with our good clothes.

Tray on, that God will give wisdom, grace and strength to light the right. We must walk in the light and be obedient to the Infinite Voice that calls us to halt in our madness. Turn to the living God and live. MRS. R. C.

NEW-YORK-DAY-BY-DAY.

O. O. MCINTYRE.

New York, April 1.—As Samuel Pepys would record in his diary: Up early and in great good humor over the letter from Fred C. Kelly, the Washington pamphleteer, who tells me the story of the negro on way to serve life sentence in prison and somebody asks him how long he was up for. "Oh," he says, "from now on." And Kelly also recalls the character in M. Carle's old play named "Ivanoffitch."

To a gymnasium where muscular roysterers entice me into a game called hand-ball and they take delight in hurling the horrendous sphere at me and twice I was knocked breathless and left the place in disgust. Chess is my idea of calisthenics as it should be indulged.

Read in the public prints of the approaching marriage of C. Chaplin the cinema comedian, and I wonder what his wife would do to her. He should slap her in the face with one of his custard pies. To lunch at Mr. Boldt's inn and hear much talk of war and on account of my gray hair fear I'm too old to volunteer.

For a walk on Fifth avenue and see many men wearing top hats and frock coats leading dogs which looked like a silly display to me and yet these same men laugh at the country bumpkins who walk up the avenue in the purchased store suits.

To the Illustrators' Show and see many side splitting skits, but liked the play by R. Goldberg, the sketcher, best of all. The jibes at M. Flagg displeased me and displayed uncalled for tact, albeit he accepted them with good grace. Met M. Justus, the artist, and he spoke a good simile in "as rare as a hitching post in Detroit."

To a rendezvous where gay blades indulge in the low pastime of throwing dice but I enjoyed the badinage of J. Knott who cried: "Harken exquisite ivories, I am beseeching thee." And so home and to bed.

The first touch of spring has come to Washington square. It always comes there first. Mixed with the distant "Whooooo" of the ferryboat is the cheerful chirp of the robin. Street cleaners are removing the remnants of the three day old snow, but kiddies in pink and white and blue and Teddy bear suits are romping about on the sidewalks in the

quaint old square. Pink cheeked babies look in round eyed wonderment at the hopping sparrows.

A little bambino from the Italian quarters "dolloed up" by an anxious mother in imitation of the little children of the rich, struggles past in a little white woolen suit, clinging to his dark-eyed father's hand.

Those who pity the sweet faced bell boys—those hungry handed couriers who have made the price of ice water what it is today—listen to the story that comes zipping from the ultra ultra Baltimore.

Five bell hoppers there made so much money in two years that they secured a lease on land in the great oil producing area in Kentucky. They happened to strike the right spot and they held onto their jobs to develop it.

The other day they marched into the front office marked "Private" in a body and bade the management an affectionate farewell and then marched out to their waiting limousines to take the train for Palm Beach, where they will rough it for awhile.

The editor of the exclusive society publication sold at \$1 a throw has resigned after the first issue. It was charged that she was removed for bad spelling on its pages. It seems that the management didn't know that society editors have nothing to do with orthography and that this was for the eagle eye of the proofreader.

CASH PRIZES TO BASEBALL FANS—NOW GET BU

THE "FAN" SUBMITTING THE NEATEST CORRECT SOLUTION OF THIS PUZZLE WILL RECEIVE \$5.00 CASH; SECOND \$2.50; THIRD \$1.00.

1. Carefully clip the pieces of the photograph of the famous ball player which will appear in the different ads on this page. Paste them in their proper places in the design left for this purpose in the center of this page. The work done, the result must duplicate the picture exactly as shown in the CORRECT ANSWER, which is held in a sealed envelope in The News safe.

2. Directly below, above or alongside of your completed picture, you must give the correct answers to the following questions:

WHO IS THIS FAMOUS PLAYER? WHAT WAS HIS BATTING AVERAGE FOR 1916? WHAT TEAM WILL HE PLAY WITH DURING 1917?

That's all. Looks easy, doesn't it? It is if you're quick at getting all the pieces of the photograph where they belong, and if you're posted on the top-notch players in the big leagues.

You've got what sporting editors consider a good picture of to identify him by—that is, of course, if you succeed in successfully patching together his picture from the pieces in the ads.

3. Correct arrangement of the pieces and neatness in preparation of answers will be considered in the awards, which will be made by disinterested judges.

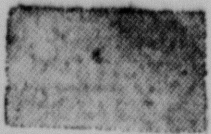

4. In case of tie, awards of equal value will be made—except where collusion is readily manifest.

5. Contest closes at midnight April 3. No solution mailed after that hour will be considered.

6. Contest is open to every News reader, except persons (and members of their families) connected with the News office and offices of other Waco newspapers.

7. All answers must be brought or mailed to "The Fan."

This page—with correct answer and names—will appear again April 5. Watch for it.

ENGINEER NEARLY HELPLESS AT THE END OF HIS RUN

COULDN'T STRAIGHTEN UP AT
TIMES WHEN HE LEFT ENGINE.
TANLAC ENDS TROUBLES AND
HE'S NOW IN FINE SHAPE.

"I was in such a bad fix before I took Tanlac that at times I couldn't walk," said David A. Middleton, 1717 Chenover, Houston, Texas, recently. Mr. Middleton has been employed by the Southern Pacific railroad for twenty-five years; twenty years as engineer and five years as fireman.

"For fifteen years," he continued, "I suffered with something like asthma and painful disordered kidneys. I kept doctoring and taking medicines but kept going down hill. I was constipated and sometimes I was so nervous I couldn't stand anyone around me. My food would not digest and up to my second bottle of Tanlac I wouldn't dare eat any supper. Gas would form on my stomach after eating and press on my lungs and heart so I could hardly breathe, and lots of times I suffered so I couldn't go out on my run at all. Many a time, after making a trip I have crawled off my engine with my back hurting so I would have to walk a hundred yards or so before I could straighten up, and lots of times I was in such a bad condition I couldn't walk at all.

"All these troubles are over with since I began taking Tanlac. I have already gained eleven pounds and feel like I am still gaining every day. I haven't had a spell of any kind since I took my second bottle and I have gotten rid of all the pain across my back and kidneys and my stomach is in fine shape. I can actually eat sausage or any kind of meats, even at night, and go to bed and sleep like a child and I'm not troubled any more with shortness of breath. Before I took Tanlac, when the weather was rainy and close I never thought of going out, but now I can get out and trot around in any kind of weather and feel fine. I used to suffer torture with headaches, but they're all gone, too, and in fact, Tanlac has just built me up until I feel like a new man."

Tanlac is sold in Waco by Morrison's Old Corner Drug Store under the personal direction of a special Tanlac representative.—Adv.

Revival at Clay Street Baptist Church Sunday

The revival at the Clay Street Baptist church began yesterday with much interest. At the evening service there were two additions to the church. There will be no morning service today, but services in the evening will be conducted at 8 o'clock. Rev. L. J. Mims of Brownwood will arrive today and be in charge of the meeting.

TOO WEAK TO FIGHT

The "Come-back" man was really never down-and-out. His weakened condition because of overwork, lack of exercise, improper eating and living demands attention to satisfy the cry for a health-giving appetite and the refreshing sleep essential to strength. GOLD MEDAL Haaslin Oil Capsules, the National Remedy of Holland, will do the work. They each day will put a man on his feet before he knows it; whether his trouble comes from uric acid poisoning, the kidneys, gravel or stone in the bladder, stomach derangement or other ailments that befall the over-zealous American. Don't wait until you are entirely down-and-out, but take them today. Your druggist will gladly refund your money if they do not help you. 50c, 50c and \$1.00 per box. Accoing to Gold Medal Look for the name GOLD MEDAL on every box. They are the pure, original, imported Haaslin Oil Capsules.

Big Demand for Bottled Coca Cola

THE WACO COCA-COLA BOTTLING
COMPANY KEPT RUNNING TO
FULL CAPACITY.

Woodmen Seem to Know the Delicious
and Refreshing Qualities of this Soft
Drink That Is So Popular Here.

The booth of the Waco Coca-Cola Bottling company at the Cotton Palace coliseum was very attractively decorated fitting the occasion of the big successful meeting of the Woodmen of the World convention in Waco this week. A New Edison played popular music and was quite an attraction to the many Woodmen who came for refreshment. Bottled Coca-Cola was served with straws sealed in individual wrappers, a truly sanitary method so favorably commented by many. One of the Hurling Brothers circus clowns bearing the name of the "Coca-Cola Bottle Kid" was very amusing and entertaining as well as being a good advertisement for the company.

In the afternoon after sessions many of the Woodmen visited the factory of the Waco Coca-Cola Bottling company on Sixth and Webster, a model sanitary plant. A cordial invitation was extended to all of them and bottled Coca-Cola was served without charge. Everyone was a booster for Waco. The Woodmen were very favorably impressed.—Adv.

HEBREW YOUNG MEN IN MEETING SUNDAY

PLAN FOR ASSOCIATION ROOMS
AND DISCUSS PLANS FOR FURTHER ORGANIZATION.

The most enthusiastic meeting yet held by the Young Men's Hebrew association took place last evening, at the Temple Rodef Sholem. The question of securing permanent downtown association rooms and the raising of dues to maintain them was discussed. After spirited talks were made, the question was put to a vote and carried by an overwhelming majority.

Favorable reports were made by the various committees on finances, association rooms, as well as athletics. After the business meeting talks relative to the welfare of all young Jewish men and boys of the city were made by the following: A. Alexander, Dr. I. Warsaw, Dr. E. Toomim, Asher Sanger, S. A. Goldstein and L. B. Cohen.

Following an entertaining musical program given by the Y. M. H. A. orchestra and a solo rendered by H. Levy refreshments were served.

D. D. Davidson was elected program chairman to preside during the coming meeting which is to be held Sunday evening, April 15.

A regular meeting of the directors of the association will be held at the temple April 3 at 8 o'clock in the evening, at which time many important matters will be discussed.

Y. M. C. A. to Carry Out Program for Local Guards

Following out the policy of the Young Men's Christian association to administer to the guard troops the local association will tender to the boys now in our midst a social next Thursday night at 8 p. m. Promoter Harry Swoboda will arrange for a first class wrestling bout and also a sparring match. Several selections will be rendered by a male quartette and the boys will relate some of their interesting experiences while on the border. G. B. Rogers will make the address of the evening and present a thirty-day pass to all privileges of the association.

At the conclusion of the program a lunch will be served to all present in the banquet room. The association will be decorated appropriately for the occasion.

Waco Bar Association to Hold Banquet Tuesday

The Waco Bar association is to have a banquet at the Manhattan cafe Tuesday evening at 7:30. All members are urged to be present. Speakers for the evening are ex-Congressman R. L. Henry, Allen D. Sandford, O. L. Stripling, John B. McNamara. The president of the association, John W. Davis, will preside.

K. OF P. TO HOLD BIG CONVENTION IN WACO MAY 7

PLANS ALREADY FORMING FOR
ENTERTAINMENT OF
THOUSANDS.

The meeting of the Grand Lodge of Knights of Pythias and the sister organization, Pythian Sisters, will constitute the next big convention to be held in Waco. The date for this grand lodge meeting will be May 7 to 10, inclusive, and it is expected that an unusually large attendance will result on account of the central location of Waco and the importance of the convention to the members of the fraternal order.

Among the prominent leaders of the order in attendance at the convention will be Supreme Chancellor John J. Brown, Van Dailly, Ill.; Supreme Vice Chancellor Charles S. Davis, Denver; Supreme Chief of the Pythian Sisters, Mrs. Lillie Samuels, Oakland, Cal.

Open and executive sessions of the lodge, parades and other features will be held during the meeting.

A unique feature of the celebration will be the parade held by the dramatic order of Knights of Kharassan, a part of the K. of P. lodge. The D. O. K. K. and association of the Keepers of the Records and Seal will also hold a state meeting during the session of the grand lodge.

Cowan Lodge No. 77, hosts of this convention, will see that the boys' band, from the Pythian home at Weatherford, is brought here to furnish music for the occasion. No. 77 has also planned many other features to be brought out at a later date.

A meeting of the Waco lodge will be held next Monday night which will be in the nature of a get-together meeting. Two ranks will be conferred upon members and arrangements for the coming assemblage will be discussed.

Holds Large Membership.

The Knights of Pythias is an American order, patriotic in every respect, and having within its uniform rank, according to statements made by the leaders, an army as great as the present standing army of the United States. The motto of this organization is "Patriotism and Loyalty," and the order has already offered its support to the president in case of actual hostilities with Germany. It has been planned to have a number of patriotic addresses delivered during the coming convention.

Count Czernin Believes Peace Is Now Possible

By Associated Press.
London, April 1.—Reuter's Amsterdam correspondent says a semi-official Berlin telegram states that in German political circles the following view is taken of the interview with Count Czernin, the Austro-Hungarian foreign minister, in the Fremdenblatt, in which he was quoted as saying the entente could conclude an honorable peace and that the proposal of the central powers for a peace conference still held good.

"We joyfully greet the frank utterances of the well-tried leader and the Austro-Hungarian policy. They will doubtless contribute to dissipate rumors which the enemy is circulating that the central powers are interested in a Russian reaction and are willing to assist it to return to power.

"Count Czernin's remark regarding his readiness to enter peace negotiations immediately our enemies are ready to abandon their unrealistic idea of crushing us also fundamentally agrees with the general wishes of the German people. We are stronger than ever on all our fronts and we can and shall, Count Czernin said, hold on to the end to an honorable peace which really is worth our gigantic sacrifices."

CHRISTIAN ENDEAVOR NOTES.
Frank Smith was unanimously elected president of the Christian Endeavor society of the Second Presbyterian church at a yearly election last night. Other officers elected follow: Miss Elzie Word, vice president; Miss Myrtle Lee, recording secretary; Walter J. Miller, treasurer; Miss Monetta Stribling, corresponding secretary.

Miss Annie Ruth McClellan was nominated as recording secretary, but declined acceptance. Felix Stonehocker, a member of this society, who has been serving as assistant to the chaplain in the Second Texas Infantry, which has recently been encamped at Corpus Christi, was present at the meeting.

C. W. Rhea and Frank A. Tucker, and National Guardsmen, were present at the church service.

UNSHAKEN TESTIMONY

Time is the test of truth. And Doan's Kidney Pills have stood the test in Waco. No Waco resident who suffers backache or annoying urinary ills can remain unconvinced by this twice-told testimony.

Mrs. T. J. Carter, 511 S. Tenth St., Waco, gave the following account of her experience in December, 1911. She said: "I was in misery for a long time from dull, nagging pains in my back and annoyance from the kidney secretions. I wasn't helped until I got Doan's Kidney Pills at Morrison's Old Corner Drug Store. They relieved all the distressing symptoms of the trouble."

PERMANENT BENEFIT.
On May 12, 1915, Mrs. Carter said: "The benefit Doan's Kidney Pills gave me some years ago has proven permanent. I have not had the slightest sign of kidney trouble since." Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's—the same that Mrs. Carter has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

OTIS SKINNER IN "MISTER ANTONIO"

While playing in Boston during the holidays Otis Skinner visited the Harvard library at Cambridge by appointment to view the wonderful Robert Gould Shaw theatrical collection. Its vast wealth of material in extra illustrated books on the stage, its comprehensive collection of portraits, lithographs, programs, criticisms and so forth, and its priceless manuscripts constitute a mine of dramatic history—undiscovered as far as the average actor is concerned. For alas, the average actor is not a student.

All the gems of the collection were gladly displayed for the inspection of Mr. Skinner, and he subsequently characterized his visit as one of the most interesting and profitable days of his life. For the edification of the distinguished actor the amazing amount of data concerning his career contained in the collection was brought out for his inspection.

"This is really astonishing," remarked Mr. Skinner, "but if you don't mind, I'd rather see something of the more important things in the collection."

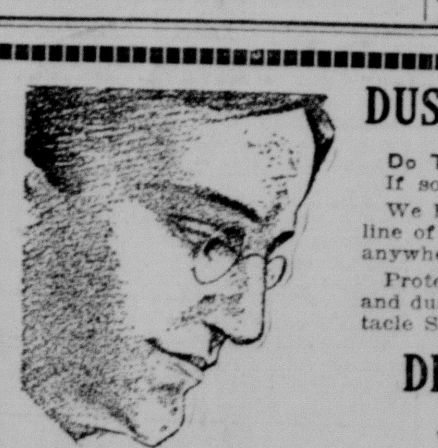

"Well," replied the librarian, "you are the first actor who has ever visited us who did not ask for his own record first thing."

This scholarly actor will be seen at the Auditorium on Friday evening, April 6.

"THE DARK ROAD" AT HIPPODROME

Pictures of Cleopatra by famous artists suggested the styles of the numerous gowns which Dorothy Dalton wears in her new Triangle picture, "The Dark Road," showing at the Hippodrome theatre today and tomorrow. Miss Dalton appears as a modern Cleopatra, a ravishing London beauty who craves above all things else the admiration of men and the luxuries which they can give her. Before ordering her costumes for this play, Miss Dalton visited a number of art collections which contained paintings of the Egyptian queen, and from these gained her ideas of costumes. In one scene she is seen in flowing robes and jeweled girdle, reclining on a couch and attended by Oriental servants, and in all others she is gowned in wondrous and gorgeous creations. Miss Dalton effectively embodies the character of Cleopatra, having the languorous beauty of figure and the baffling dark eyes that painters always give to the desert queen. Robert McKim, Jack Livingston and Jack Gilbert are excellent in the part of the London beauty's victims, and Lydia Knott, mother of Lambert Hillyer, the story writer, has a good role.

PACIFISTS PLAN TO INVADGE WASHINGTON: WILL PROTEST WAR

EMERGENCY PEACE FEDERATION
PLANS DEMONSTRATION TO
DISSUADE CONGRESS.

By Associated Press.

Washington, April 1.—Pacifists, marshalled by the Emergency Peace Federation, will invade Washington tomorrow for the purpose of attempting to dissuade congress from taking any action that would lead to open hostilities between the United States and Germany.

At the same time a host of "pilgrims of patriotism," headed by a citizens' committee, will arrive from New York for the expressed purpose of countering the activities of the pacifists and "the peace at any price" propagandists. Special trains are expected to bring thousands of them from New York, Philadelphia, Baltimore, Chicago, Syracuse, Buffalo and other cities.

Storm Capitol Hill.
Both factions, according to their plans tonight, will storm Capitol Hill and endeavor to present their views to senators and representatives.

The police have forbidden parades by either faction, and the delegations will be obliged to proceed to the capitol from their respective headquarters as individual pedestrians.

At 2 o'clock tomorrow the peace champions will hold a meeting in Convention hall at which petitions, resolutions and plans of action will be developed. Tomorrow night there will be a mass meeting, for which it was learned tonight the pacifist leaders had some difficulty in obtaining a hall.

Plan Mass Meetings.
The anti-pacifists probably will hold a mass meeting in another section of the city. They have expressed their determination to remain in Washington until congress takes some definite action.

Washington itself is in the grip of a wave of patriotism. In response to appeals published in the newspapers by the board of trade, the chamber of commerce, merchants' associations and other organizations, flags are flying all over the city and the buildings are decorated with red, white and blue banners, flags and streamers.

Many representatives of patriotic organizations today voiced their sentiments in public statements. Among them was a statement signed by Mrs. William Cummings Storey, president general of the National Society, Daughters of the American Revolution. It follows in part:

Issue Statement.
"At this crisis in the moral life of our nation the Daughters of the American Revolution are not crushed by the cowardice and selfish fear for personal safety that will lead them to wish for peace at any price, and they should show unmistakably their colors."

"I urge every member of this body and all others who love our country to act at once, telegraph their senators and representatives, urging them to stand for patriotism and preparedness."

THREATENS FACTORY.

By Associated Press.
Lakewood, N. J., April 1.—Fire of undetermined origin that had waged over a wooded area of approximately thirty square miles threatened tonight to destroy the large proving grounds of the Eddystone Ammunition Corporation. Employees of the company aided by firemen extinguished the flames after a hard battle.

The proving grounds are situated in the woodland, about three miles north of here. A large quantity of high explosives is stored there, having been shipped from the company's plant at Eddystone, Pa., for testing purposes.
